

The Hilltop Child Care Center provides a child care and preschool program with strong emphasis on concepts of loving and sharing for 3 and 4 year-olds.

Our Philosophy

We believe every child should have a well-balanced early childhood experience in all areas of growth, and we seek to help each child develop socially, intellectually, academically, emotionally and spiritually by helping him/her reach the following goals:

- Develop an awareness of God
- Become curious and creative
- Develop a love and respect for others
- Develop a positive self image
- Develop a feeling of security and well-being
- Develop small and large motor skills
- Engage in readiness experiences, preparing for more formal education.

The 3-year-old program emphasizes socialization and overall enrichment. The 4-year-old program prepares children for the Kindergarten experience in basic skills.

We have degreed staff.
